

2022 Year in Review - Our Impacts

A Co-Designed Roadmap

366 Consumers and carers contributed to the ALIVE National-ANU Lived-Experience Priorities Survey
1000+ research priorities were shared by people in the survey

115 People attended the Annual Symposium in Nipulana (Hobart)
Mary O'Hagan opened with the topic Lived Experience Leadership in Victoria's mental health reforms

56 People attended the two Symposium Workshops
The topics were embedding experiential knowledge in mental health implementation and translation and, the Phase 1 Consensus Statements for Mental Health Research Priorities

115 Co-designers for the Massive Public Co-Design Project
Shared Touch Points to establish mental health research priority areas. These were shared within the Pocket Map Guide and Public Co-Design identified the implementation actions as shown in the Phase 1 Consensus Statement Short Horizon 2023 Implementation Actions

Implementation

1 Pocket Map Guide Launched
15,070 opens of the Centre Update where the Pocket Map Guide was released

4 Externally Funded Projects
An Implementation Co-Evaluation of Head to Health
Co-Design of 0-11years Southern Melbourne Model of Care for mental health and well-being hubs
Service Mapping with Forensicare for Women's Recovery Journeys
TROPHI Demonstration Project in the Implementation and Translation Network

3 Internally Funded Projects
The Long Conversation Flagship
Routine Dataset Analysis
New ways to improve heart health

3 Co-Directors Appointed
To embed the ALIVE National Lived-Experience Research Model of operation

39 People for 1st Virtual Learning Studio
i-LEARN—integrating lived-experience applied research nationally: in three-parts

2007 Co-Design Living Labs Network Members
Co-design for three partner organisations, second prototype of "Team Up" an unserious boardgame for trust and relationships in co-design

Growing Capacity

13 Writers-In-Residence Pieces
Published by the first three appointed Writers-in-Residence

35 Attendees "A researchers guide to the mental health funding galaxy"
An annual event for Next Generation Researchers

4 ALIVE National Seed Funding 2022 Awards
Invested \$80,000 in the next generation of future mental health research leaders

6 Conference Bursaries
For Next Generation Researchers

12 Attendees for Mad Poetry workshop and live poetry
For World Mental Health Day in collaboration with the Big Anxiety Festival

3 Alex McLeod Co-Designer Training Awards
For Co-Design Living Labs members capabilities growth

199 Members of the two future mental health research leader networks
Combined membership of the Next Generation Researcher Network and the lived-experience research collective as at December 2022

Translation

293 Opens
Of "A Handbook by and for working with Co-Designers"

87 Opens
Of "A Co-Created Guide for Researchers Navigating the Mental Health Research Funding Galaxy"

518 Views
Of "Diversity and Inclusion within Co-Design - A Three Part Series"
Funded by a MDHS Diversity & Inclusion Grant

Engagement

34,752 Opens
Of our Centre Updates

7,761 Individual visits
To Digital Platform

409 Attendees at Ready, Set, Translate: Virtual Cafés
For 9 presentations

594 Views of
YouTube videos for all nine translation café series talks

15 Strategic Meetings
Government, Conferences, Sectoral Engagement

47 External Members
the alive collective
